

2007-08 FPSPI Evaluation Changes

The governing council approved the following evaluation motions in June 2007.

Team Booklet Step 4

Motion #2007-07: The committee moves that we adopt a 3-tier system for evaluating criteria using generic, modified, and advanced levels.

The 3 new tiers will be:

1. Generic = 1 point
2. Modified = 2 points
3. Advanced = 3 points

A detailed description of each tier can be found in the Guidelines for Evaluation included with these materials and in the updated versions of the *Coach's Handbook*, *Evaluation Primer*, and *Student Guide Workbook*. The updated pages can also be found on the web site for those with older editions of these publications.

Due to the complexity of these changes, please include a copy of the “Evaluation Guidelines” as well as “Key Tips” to all of your coaches.

Individual Booklet Steps 1 & 3

Motion #2007-08: The committee moves that the individual booklet contain 8 challenges and 8 solutions.

The new Individual scoresheet and booklet found with these materials reflects this change.
